

TABLE OF CONTENTS

Table Q1	Page 1	Q1. Are you at least 18 years old and registered to vote?
Table Q2	Page 2	Q2. In which County do you reside?
Table Q3	Page 3	Q3. Could you please tell me which of the following best describes your ethnic background?
Table Q4	Page 4	Q4. As you may know, there will be a statewide election in November for President, U.S. Senate, Congress and state and local ballot measures. How likely are you to vote in the November election? Will you:
Table Q5_01	Page 5	Q5_01. The ongoing drought
Table Q5_02	Page 6	Q5_02. Lack of funding for local public schools
Table Q5_03	Page 7	Q5_03. Crime, gangs and drugs
Table Q5_04	Page 8	Q5_04. The cost of home utilities like electricity, water and gas
Table Q5_05	Page 9	Q5_05. Unemployment
Table Q5_06	Page 10	Q5_06. Air pollution that causes asthma and other illnesses
Table Q6	Page 11	Q6. Southern California has been in a drought for several years now and there have been voluntary restrictions in place for water usage. Looking ahead, how concerned are you about the long term supply of drinking water in your community? Are you:
Table Q7	Page 12	Q7. Almost all of the drinking water in Southern California comes from other parts of the state. How important do you think it is for Southern California to generate more of its own water supply? Is it:
Table Q8_01	Page 13	Q8_01. Recycling: turning waste water and runoff into drinking water
Table Q8_02	Page 14	Q8_02. Seawater Desalination: turning sea water into drinking water
Table Q8_03	Page 15	Q8_03. Buying more water from other parts of the state
Table Q8_04	Page 16	Q8_04. Placing quotas on water usage for homes and businesses
Table Q8_05	Page 17	Q8_05. Groundwater reclamation: treating dirty groundwater and replacing it underground for re-use
Table Q8_06	Page 18	Q8_06. Stormwater capture: collecting rainfall for drinking water
Table Q9	Page 19	Q9. Which one of the following ideas are you most interested in seeing happen to ensure the long term supply of safe drinking water to your community?
Table Q10	Page 20	Q10. How likely do you think it is that there will be mandatory quotas on water usage for homes and businesses if no measures are taken to increase the local supply of water?
Table Q11	Page 21	Q11. Would you prefer to:
Table Q12_01	Page 22	Q12_01. State and local governments should expedite approval of projects that will guarantee our long term supply of safe drinking water
Table Q12_02	Page 23	Q12_02. Construction of projects to provide new local sources of drinking water like desalination are also good for the community because they create jobs and economic development
Table Q12_03	Page 24	Q12_03. Our Latino elected officials are doing a good job of addressing the drought and our long term supply of safe drinking water
Table Q12_04	Page 25	Q12_04. The Latino community has equal access to safe drinking water

TABLE OF CONTENTS

Table Q12_05	Page 26	Q12_05. The need for new, local supplies of safe drinking water is urgent
Table Q12_06	Page 27	Q12_06. If government does not act soon, there will be a serious water shortage in your community
Table Q13	Page 28	Q13. Currently, there is a proposal to build a seawater desalination plant in Orange County that must be approved by the California Coastal Commission. What is your position on this project?
Table Q14	Page 29	Q14. Which gender do you identify as?
Table Q15	Page 30	Q15. Which group includes your current age?
Table PARTYID	Page 31	Q16/Q17. Party Identification (Combined)

Q4. As you may know, there will be a statewide election in November for President, U.S. Senate, Congress and state and local ballot measures. How likely are you to vote in the November election? Will you:
